MEMORANDUM FOR THE RECORD

**SUBJECT: Meeting with DDCI and Ex/Dir-Comptroller on
OLC Matters**

1. On this date I met with Admiral Taylor and Colonel White for the weekly discussion of OLC matters.

2. I reviewed points covered in the 10 May meeting which John Clarke and I had with Mr. Robert Michaels, Staff Assistant, CIA Subcommittee of House Appropriations, regarding plans for the upcoming Agency budget briefing.

3. We discussed the implications for the Agency of the conferees' report on H. R. 15414 (section 2 of which imposes a Government employee limitation and section 4 of which deals with reduction in obligational authority). Colonel White has a copy of this report and is studying its provisions.

4. I mentioned the very helpful attention given to the visiting [redacted] by Senator Karl Mundt and Representatives Clement Zablocki and John Marsh.

5. Recalling the Director's interest in getting the article concerning the Agency in the HEW publication American Education inserted in the Record, I reported that Representative Philbin's office felt that Mr. Philbin would be in a poor position to do this because of the attitude of his constituency. I also mentioned the possibility that the article might be printed in the Reader's Digest. The DDCI suggested that we approach Senator Hayden to see if he would have the article inserted in the Record. Representative Hardy was also suggested as a candidate if Senator Hayden was reluctant.

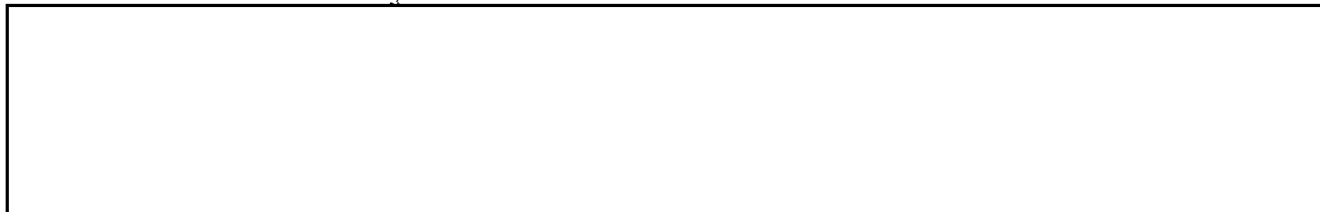

6. We reviewed [redacted] in whom the Senate Internal Security Subcommittee is interested) and pursuant to the DDCI's recommendation, the DDP has been requested to review the matter with interested DDP components and give us a definitive statement of the DDP assessment of this case.

10. I reported that I had briefed the Director on the case of

11. I reported on present information regarding the travel activities and plans of members of the Hardy (Defense Posture) Subcommittee of the House Armed Services Committee.

12. Pursuant to the DDCI's instructions, I reported I had alerted [redacted] CI Staff, to the continuing requirement to provide any information regarding the security of atomic information to OLC for passage to Messrs. Conway and Murphy, of the Joint Committee on Atomic Energy.

13. Recalling the Director's request that we approach Representative Hale Boggs to see if he would try to straighten out Representative John R. Rarick (D., La.) (who apparently has a hostile attitude toward the Agency), I suggested that Representative F. Edward Hebert might be a more suitable candidate for this task. The DDCI and Executive Director agreed, and I will raise the matter with Mr. Hebert upon his return from his present trip.

14. I mentioned Chairman Rivers' call to the Director this morning complaining he had not been informed about the movement of the Pueblo from Wonsan to Najin. I asked for guidance to avoid such problems in the future, and it was agreed that the best insurance would be the careful reading of the "Daily Bulletin" regularly by OLC officers in order to identify items in which key figures on the Hill would be interested, and when in doubt clear with the DDCI or the Director which ones should be passed.

15. Reporting on the status of S. 917 (Omnibus Crime Control Bill), I mentioned the President's letter to Mansfield suggesting that extraneous provisions be dropped, and also noted that our best information is that the Agency would be exempted from restrictions on wire-tapping.

16. Regarding S. 1035 (Ervin bill protecting privacy of Government employees), I mentioned information that hearings might be held near the end of this month, and that Staff Director Charles Johnson quoted Chairman Henderson as saying CIA, NSA and FBI would be granted complete exemptions.

17. I called attention to our proposed revisions in the language of section 7 of S. 1779. It was agreed that this was a satisfactory solution and we should push for it.
